Prompt 1:
**Cadbury Dairy Milk Chocolate:**

Create a realistic commercial product advertisement featuring a Cadbury Dairy Milk chocolate bar with its iconic purple packaging, rich chocolate pieces, a smooth melted chocolate effect, and a few chocolate squares placed beside the wrapper. Use premium studio lighting, a clean purple background, realistic textures, sharp focus, and professional food product photography. Make the product visually appealing and high-resolution, suitable for an advertising campaign. Keep the Cadbury Dairy Milk branding recognizable and avoid misspelled text.

Prompt 2:
**Gaming Laptop**

Create a photorealistic advertisement for a powerful gaming laptop with a sleek black design, RGB backlit keyboard, thin bezels, and a vibrant futuristic game displayed on the screen. Place it on a modern gaming desk with subtle neon blue and purple lighting. Show realistic reflections, detailed keyboard keys, premium materials, cinematic lighting, and professional technology product photography. High resolution, sharp focus, dramatic but realistic presentation, no extra text or fake brand logos.

Prompt 3:
**Amul Ice Cream :**

Create a realistic commercial food advertisement featuring an Amul ice cream tub with creamy vanilla, chocolate, and strawberry ice cream scoops arranged beside it. Use a refreshing pastel background, visible creamy texture, chocolate drizzle, fresh strawberries, soft natural lighting, and subtle condensation on the container. Make it look delicious and professional, like a real supermarket product advertisement. Use clean composition, high detail, sharp focus, and realistic food photography. Keep packaging text neat and avoid distorted lettering.
